

Mission and Service

Across Canada and around the world, food insecurity is a growing issue—one that's impossible to ignore.

One that we must all work to fight.

This Thanksgiving, when you make a gift through Mission and Service, you are empowering dozens of food-related organizations to make real change in the lives of people within Canada and around the globe.

Your donation will have an incredible impact, supporting people in Canada's northern communities, helping farmers in El Salvador deal with climate change, and ensuring seniors can afford weekly groceries.

Have a happy and blessed Thanksgiving. Amen.
